Expression of Concern

***Experimental Biology and Medicine* 2020; 245: NP1. DOI: 10.1177/1535370219899001**

SAGE and the Editor of *Experimental Biology and Medicine* hereby issue an expression of concern for the following article:

Das S, Das J, Samadder A, Boujedaini N, Khuda-Bukhsh AR. Apigenin-induced apoptosis in A375 and A549 cells through selective action and dysfunction of mitochondria. *Experimental Biology and Medicine*. 2012;**237**(12):1433–48

The Editor and SAGE were alerted to manipulation of images used in the paper. The institutions of the authors of this article have been contacted and asked to undertake an investigation.

The Editor and SAGE strive to uphold the very highest standards of publication ethics and are committed to supporting the high standards of integrity of *Experimental Biology and Medicine*. Authors, reviewers, editors and interested readers should consult the ethics section of the SAGE website for guidelines on publication ethics.
